

As a condition of and in consideration of my participation in any sponsored research or other externally supported or funded activity at University of Wisconsin-Whitewater, I hereby agree:

- to promptly disclose to the *Office for Research and Sponsored Programs* any invention conceived or reduced to practice by me, whether solely or jointly with others, resulting in whole or in part from such externally supported activity;
- to comply with the provisions of any agreement(s) between the University and any sponsor pertinent to the particular activity supported by that sponsor in which I am involved; and
- to cooperate in ensuring that the sponsor's rights, including rights in inventions and patents, are fully protected.

If I am the Principal Investigator of any externally sponsored project, I shall require that each participant in such project sign this Agreement and become familiar with the provisions in the agreement between that extramural sponsor and University of Wisconsin-Whitewater pertinent to participation in the project, including invention and patent provisions, and with University of Wisconsin-Whitewater's policies concerning inventions and patents. I will forward the original signed agreements to the Office of Research and Sponsored Programs.
